Get noticed in these blush pink suede loafers.

White Stuff, £27.50

A fun printed tee is a summer essential, perfect for festivals and the beach.

With the long days of summer comes the opportunity to push the boat out with your fashion choices. Summery coloured clothes are that bit bolder and brighter. Statement prints will get you noticed and put you in the mood for holidays.

Choose patterned shirts and printed t-shirts for a confident yet laid back look. If you want to go really bold then try matching co-ord shorts or trousers. Florals are still on trend and the bigger the blooms the better for sunny days.

Keep your style sophisticated with classic accessories like sunglasses and straw hats. Shoes can be classic too but must be lightweight for summer. Try a summery pair of open weave loafers in a pastel colour or a light pair of plimsols for that beach walk into the sunset.
